THE MINISTER OF ENERGY (SHRI VASANT SATHE): (a) Yes, Sir.

(b) The following 14 new generation schemes have been submitted by the Govt. of Gujarat/State Electricity Board in the last few years:—

	Scheme	Install capacit (MW)
1.	Sardar Sarovar (H) (Joint Project)	6x20
2.	Panam Canal (H)	2x1
3.	Kutch Lignite Extn. (T)	1x70
4.	Gandhi Nagar Extn. (T)	1x210
5.	Utran Replacement (T)	1x120
6.	Sabarmati Replacement (T)	1x110
7.	Sikka Extn. (T)	1x120
8.	Gas based TPS at Mahuva (T)	2x210
9.	Kandla Replacement (T)	1x60
10.	Narmada TPS (T)	4x500
11.	Kawas TPS (Gas based) Combined Cycle (T)	3x130
12.	Kawas TPS Extn. (T)	3x130
13.	Sabarmati Replacement (T)	1x67·5
14.	Diesel generating sets at various locations	60

(c) Out of the above, six schemes have been techno-economically cleared by the Central Electricity Authority, seven schemes have been returned to Gujarat Electricity Board with comments and one scheme is being apprised in the Central Electricity Authority.

(d) The techno-economic appraisal of power projects is a complex process requiring examination of various detailed features of the Scheme Reports, evaluation of the economic justification and financial viability. It is also necessary to establish linkages of essential inputs. While all efforts are made towards early clearance of projects, the time taken for the same depends on the promptness with which the project authorities respond in the matter of supplying requisite information needed for processing the proposals. In certain, Revised Scheme Reports are required to be prepared.

Cost price of cooking gas, kerosene, diesel and petrol etc.

738. SHRI VITHALBHAI MOTIRAM PATEL: Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state:

(a) what are the cost prices of cooking gas, kerosene, diesel and petrol with detailed break-up;

(b) what are the wholesale and retail selling prices of the items mentioned in para (a) above; and

(c) what is the total income to Government on these items?

THE MINISTER OF STATE OF THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI CHANDRA SHEKHAR SINGH): (a) In a continuous processing Industry like an Oil refinery with a multi-product line of production with a common input, it is not possible to assess and quantify precisely the cost of production of each product in a refinery.

(b) The information of selling prices at Bombay is given below:—

	Wholesale/ex-storage price Rs.	Retail price Rs.
LPG (14·2 kg Cylinder)	52.78	56.15
SKO	2014·98 per KL	2·17 per Litre.
HSD	3540·74 ,,	3·57 ,,
MS	7736·32 ,,	7·79 ,,

(c) The estimated additional annual revenue earnings on account of recent increase in prices of petroleum products is likely to be of the order of about Rs. 530 crores per annum on projected offtakes.

Production of petrol, kerosene, diesel and gas

739. SHRI VITHALBHAI MOTIRAM PATEL: Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state:

(a) what is the total indigenous production of petrol, kerosene, diesel and gas in the country; and

(b) what quantity of the above items is being imported and at what price?

THE MINISTER OF STATE OF THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI CHANDRA SHEKHAR SINGH): (a) and (b) A Statement for the year 1984-85 is laid on the Table of the House.

Statement

(a) Indigenous Productions

(Qty : Million Tonnes)

	1984-85 (Qty.)
Petrol (Mogas)	2·14
Kerosene (SKO)	3·36
Diesel (HSD)	11·09
Gas (L.P. Gas)	0·87

(b) Gross Imports (Actual Receipts)

(Qty : Million tonnes)

(C.i.f. value : Rs./crores)

	Qty.	Value
Petrol (Mogas)	—	—
Kerosene (SKO)	2·61	844·77
Diesel (HSD)	2·57	763·56
Gas (L.P. Gas)	0·10	32·76
